Language Training

ABOUT US

The Global English Proficiency Exam is an online examination of the English language designed for easy testing and deployment at educational institutions and organizations around the world.

The GEP English exams are designed and maintained by experts in the ELT field and education with more than 20 years of international experience. We have trained over 60,000 TEFL/TESOL participants and certified English teachers in more than 100 countries.

While other English language proficiency tests are later adaptations, all GEP English Exams at iTestEnglish.com were built from the ground up under the guidelines of the Common European Framework of Reference for Languages. This means that tests results obtained by students who take a GEP English Exam have a very high level of skill measurement reliability according to the rigorous standards set by the CEFR.
